## CONSPIRACY FOSTERED.

Object Was to Wrongfully Obtain Possession Of

## CONSIDERABLE TIMBERED

Land That Is the Property of United States Government In Reality, Yet Acquired Through False Filings by Ineligible Entrymen.

Denver, May 9.—That a conspiracy was fostered with the object of wrongfully obtaining several thousand acres of valuable timber land from the government; that titles were acquired through false filings by ineligible entrymen, and that persons were induced to settle on the claims and make mock attempts at cultivation and other improvements—all violations of the provisions of the homestead act—are the chief allegations which form the basis of two bills of equity filed in the Federal court here asking to have set aside the patents to land titles held by the New Mexico Lumber company and the Pagosa Lumber company.

An injunction also is asked to restrain the defendant companies from further destruction of the forests which cover most of the lands. The timber properties claimed by the lumber companies are situated in Archuleta county, Colorado, and their value is placed at \$50,000. In the complaint the court is asked to make the different persons who filed claims on the lands defendants in the action. A long list of entrymen, who are named as parties to the alleged fraud, is presented in the complaint.

## DESPERATE STRAITS.

Stewards, Sailors and Wireless Telegraph Operators Help Load.

New York, May 9.—The lengths to which steamship companies have been driven in their efforts to get ships away on time, was well illustrated in the case of the Oscar II., of the Scandinavian-American line. In order to get the steamer out of port the stewards and sailors and even the wireless telegraph operator on the steamer were impressed and every one of them struggled with boxes, barrels and casks. Managers of the companies still assert the strikers have a change of heart and a few days more will see the end of the trouble. The companies are as firm as ever and in their expressed determination not to accede to any demands upon them. Patrick O'Connor, chairman of the executive committee of the union, declared the men are still standing solidly together.

## EXPOSITION PLANNED.

Suggestion Made That the President Be the Director General.

New Orleans, May 9.—Mayor Behrman named a committee of twenty-five to lay plans for the international exposition which it is proposed to hold here in 1915, a joint celebration of the opening of the Panama canal and the one hundredth anniversary of the battle of New Orleans. Albert Godchaux of the New Orleans Progressive Union has submitted the suggestion that the director's generalship of the exposition be tendered President Roosevelt, and this suggestion is one of the principal matters which will receive attention by the committee named.

## MANSFIELD BETTER.

Noted Thespian Will Summer in His Native Land.

New York, May 9.—Richard Mansfield has so far recovered that his physician, Dr. Floyd Crandall, has advised him to sail for Europe on Saturday on the steamer Minneapolis. Mrs. Mansfield said that they had leased a summer home in Sussex, England, and would spend the summer there. She said Mr. Mansfield might be sufficiently recovered in the fall to resume his work at the east for a short season.

## Three Indictments.

South McAlester, May 9.—The grand jury in the United States court here returned indictments charging J. H. Newman and John Williams of Durant, Thomas Lawrence of Sterrett and Seymour Hale of Texas with murder. They are charged with being the leaders of a mob which hanged a negro named James Adams, charged with attacking a white girl at Sterrett March 31.

## Seven Known Drowned.

Montevideo, Uruguay, May 9.—Official report from government authorities on the spot says all passengers, mostly Spanish emigrants of the French steamer Poutou, wrecked off San Jose Ignacio, were rescued with the exception of thirteen. Seven of these are known to have been drowned and six are classed as missing.

## BIG BUILDING BURNED.

Five-Story Kansas City Structure Destroyed.

## ONE MAN LOSES HIS LIFE.

Six Persons Were on the Missing List and Fifteen Others Injured, Several Seriously, While the Property Loss Represents Six Figures.

Kansas City, May 9.—Fire here destroyed the five-story University building at the northwest corner of Locust and Ninth streets, causing a property loss estimated at \$250,000. One life was lost. Six persons were missing Wednesday and fifteen persons were more or less seriously injured.

The building was occupied by Montgomery, Ward & Co., and by numerous artists and musicians, who lost everything.

The known dead: George de Mare, aged thirty-two, an art instructor.

Among the missing is Miss Maud Wittenborn, piano teacher; last seen at the window of her studio on the fifth floor.

The injured are: Miss Alexandria Blumberg, a Russian countess, skull fractured; may die.

Maud Speyer fell from ladder; serious.

Mrs. Eva S. Boyle, Sheridan, Mo., fell from ladder; serious.

J. M. Kranishfield, fireman; leg broken.

William Van Dusen, fireman; serious.

Peter Kasagaard, violin teacher; fell from fire escape; serious.

The University building was built by the Pepper estate of Philadelphia for the Young Men's Christian Association, and the cornerstone was laid by President Cleveland during his first administration.

The building was of brick, five stories high and extended one block.

## SERIOUS RIOTING.

Considerable Street Fighting Took Place in the Italian Quarter.

New York, May 9.—Not since the Brooklyn car riots has there been such street fighting on the other side of the river as happened Wednesday. Nearly 600 Italians and Poles joined in battle in the Italian quarter of Williamsburg. Three patrolmen were seriously injured, and when their comrades had broken up the riot thirty-five rioters had been sent to the Williamsburg hospital and twelve more locked up.

Under cover of darkness an attempt was made by the steamship lines to run their new men through the strike pickets to their homes. At a late hour a covered lighter with more than 300 strikebreakers from the Manhattan piers docked at Metropolitan avenue. All was quiet as the lines were passed ashore, but every tree, door and shadow and every roof concealed a striking longshoreman or sympathizer. The strikers from the Havemeyer sugar refinery had been paid off during the day and reinforced the longshoremen until there was close to 300 of them lurking about the pier waiting for the Italians and Poles to get ashore.

Eight blocks away, at the sugar house were four mounted patrolmen whistling for help. They charged down Kent to Wythe avenue, where, at Metropolitan avenue, they ran into the thick of the fight. With the advantage of the height of their mounts in their favor their long night sticks were flung flail-like on the heads of everybody, and the rioting stopped for the moment whenever the clubs struck.

## THE MORNING EAGLE

Entered at the Postoffice in Bryan, Texas as second-class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, MAY 10, 1907

A new postal regulation to go into effect July 1, provides that ordinary stamps may be used to prepay special delivery letters.

New Orleans will hold an international exposition in 1915. It will be a joint celebration of the opening of the Panama canal and the one hundredth anniversary of the battle of New Orleans.

The Winnsboro Free Press has changed hands. W. D. Saiter retires from the paper to go into business elsewhere, and R. M. Smith, formerly of Bryan, well known in newspaper circles and the owner and editor of the Free Press for a long time, resumes his position as editor and owner.

Bryan needs sewerage, and needs it now, and the probabilities are that before another year passes we will have artesian water in sufficient quantities to make the sewerage proposition practical. Meanwhile the Eagle learns that the city authorities will take such steps as are necessary to have the town kept in a clean and sanitary condition, especially during the hot weather. The sanitary regulations will be rigidly enforced and all will be required to keep their premises clean. The enforcement of these regulations should begin at once and remain a standing order of business.

### IN HORSE AND MULE MARKET CENTERS.

The Chicago retail horse market reports during the month of April, 1906, the sale of 928 horses to work in Chicago. In April, 1907, 2872 were sold. In New York, 2270 head were sold in April, 1906 and 5162 in April, 1907. In April, 1906, there were exported to England 1120 and for the same month

this year, 3765. The average prices are \$62 a head higher than a year ago. This don't look much like machinery has run out the horses.

The U. S. cavalry post at Fort Sam Houston is in the market for 978 horses and 513 mules. The buying will begin on May 14.—Marlin Democrat.

### REVIVAL AT FREE BAPTIST CHURCH.

Meeting Will Begin Next Sunday Night  
—Rev. J. B. Bagwell of St. Louis Will Assist Pastor  
J. J. Tatum.

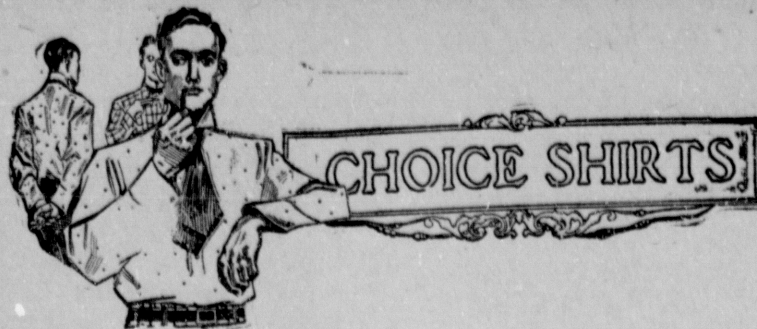

The Eagle is requested to announce that revival services will be commenced Sunday afternoon at the Free Baptist church of this city by the pastor Rev. J. J. Tatum. Rev. J. H. Bagwell, a successful evangelist of St. Louis, will arrive on Tuesday and will assist in the meeting. Rev. Bagwell has had wide experience as an evangelist, and is an able gospel preacher, whose efforts for the salvation of souls have been wonderfully blest.

The pastor invites the people of other denominations to co-operate in this third "campaign for righteousness" in Bryan, to the end that all may be blessed and receive benefits from the meeting.

The revival is announced at this time by agreement with the pastor of the Christian church, Rev. Chalenger, who has announced the postponement of the meeting by the Christian church because of the fact that Evangelist Wilhite cannot come to Bryan until later, regarding which further announcement will be made at the proper time.

### HAYWOOD TRIAL ON.

#### Case of the Western Federation Secretary Begins.

Boise, Ida., May 9.—William D. Haywood, secretary and treasurer of the Western Federation of Miners was placed on trial for complicity in the murder at Caldwell, Ida., Dec. 30, 1905, of former Governor Frank Steunenberg. Haywood is one of the four defendants charged with the murder. The others are Charles H. Moyer, president of the federation; George A. Pettibone, a former member of the executive committee of the federation and Harry Orchard. The last named is expected to be the most important witness for the state against Haywood, Moyer and Pettibone. He is said to have made a confession, and it has been the task of the prosecution to endeavor to corroborate his confession wherever possible.

The fact that Haywood's case was the first called for trial is regarded as indicating the prosecuting attorneys believe their strongest evidence is against the secretary of the federation. The outcome of his case will determine the action to be taken regarding Moyer and Pettibone. Should there be a conviction of Haywood, Moyer and Pettibone will be called for trial in the order named. On the other hand, the acquittal of Haywood will undoubtedly mean the abandonment of the case against the other accused officers of the miners' organization. Orchard will not be tried until all other cases are disposed of. Caldwell is the county seat of Canyon county. A change of venue to Boise, the capital city of Idaho, and county seat of Ada county, was granted on the motion of the defense, it being alleged in behalf of the prisoners that a fair trial in Canyon county would be impossible.

Haywood, Moyer and Pettibone were transferred to the county jail here, which comprises the basement floor of the county courthouse.

The court for which the cases were set is known as the district court for the Third judicial district. The presiding judge is Judge Freemont Wood, a native of Maine, a former practitioner at the bar in this city and presiding now over his first important criminal case.

### BURNS BREAKS PROMISE.

Agreed to Lay Down to Induce O'Brien to Enter the Ring.

Los Angeles, May 9.—In a statement Tommy Burns, winner of Wednesday night's fight, declares he promised to lay down to let O'Brien win the fight. He said there was no chance otherwise to get O'Brien into the ring. He said he resolved as soon as the gong sounded for the first round to break the promise and determined to go in and win.

### HOUSTON SELECTED.

Texas Chiefs of Police and Marshals Meet at That Place Next Year.

Fort Worth, May 9.—Texas Association Chiefs of Police and City Marshals adjourned. Houston was selected as next meeting place. The following officers were elected: President, J. H. Maddox of Fort Worth; first vice president, Charles McClain of Cleburne; second vice president, J. R. Snider of Amarillo; third vice president, Louis Lower of Taylor; secretary-treasurer, M. T. Forrest of Houston; sergeant-at-arms O. R. Montgomery of North Fort Worth. Temple also wanted next meeting and was defeated by only three votes.

### Shameful Deed Alleged.

### FOURTEEN-HOUR LAW.

Time Extended For It to Be Effective Until Oct. 12 Next.

Austin, May 9.—Both branches of the legislature passed finally the new fourteen-hour bill extending the time when the law goes into effect to Oct. 12, 1907, and also passed the Terrell corrected anti-trust bill, both being subjects recommended by the governor.

A resolution was adopted in the house recommending to the Thirty-first legislature that the house and senate postoffice, which cost \$20 a day, be abolished, and that application be made to the Federal government to establish a branch postoffice in the capitol when the legislature is in session.

In the house the text book bill occupied practically all of Thursday's session. The Gafford amendment, to give Texas authors preference when everything else is equal, was adopted. The senate passed finally the inheritance tax bill and the measure sent back to the house immediately.

### PIERCE PROSECUTION.

Davidson Says His Department Has Nothing to Do With the Matter.

Austin, May 9.—Attorney General Davidson said that his department has nothing to do with the criminal prosecution of Henry Clay Pierce, that this feature is in the hands of District Attorney Hamilton of Travis county. This was in answer to a question as to whether or not his department, was going to send a representative to St. Louis to represent the state. Mr. Hamilton is at Georgetown.

### NO REASON GIVEN.

It Is Not Known Why the Bets Were Declared Off.

Los Angeles, May 9.—After the Burns-O'Brien fight no explanation could be secured for the calling off of bets on the fight. The fight was advertised to be for a \$30,000 purse, but this was disputed in some quarters. It is rumored that there was a wrangle over the size of the purse, which did not come up to expectations, and the dispute arising from this resulted in the bets being declared off.

### DR. BALDWIN'S RECITAL.

The rain storm yesterday afternoon interfered with the attendance on Dr. Minor C. Baldwin's organ recital at the First Baptist church last night, but those who were present felt amply repaid for having undergone the inconvenience of getting there, by the rare musical treat afforded. Music lovers in Bryan know what to expect from Dr. Baldwin as a result of his previous appearances here.

There were twelve numbers on the program last night from the best composers, including Dr. Baldwin himself, and his masterly playing was an inspiration to all. Those who heard him last night will be sure to avail themselves of the privilege again tonight, and those who did not cannot afford to miss the opportunity. During last night's performance every tone of the organ, from the softest harmonica or flute note to the deepest thunder tone, was evoked by the master hand, and the audience was swayed from an almost breathless stillness to prolonged encores of handclapping. Dr. Baldwin responded with several numbers not on the program. The ever marvelous imitation of a mountain storm was given, and with lights extinguished, was almost fearfully realistic. The imaginative mind, beneath the spell of the moaning and shrieking wind swept keys, had difficulty in persuading itself there had not been a decline in temperature. A vocal number by Miss Peale and a quintette by Mesdames Davis, J. Webb Howell and J. B. Sanders, Messrs. Withers and Lee, with accompaniments by Mesdames R. S. Webb and H. O. Boatwright, were excellently rendered.

Following is the program for the recital tonight:

Entre du Cortège.....Dubois  
Pastoral Hymn of Shepards.....Field  
Gloria.....Mozart  
Solo, "O, Divine Redeemer".....Gounod  
Mrs. W. C. Davis

Air.....Bach  
Fugue.....Buck  
Andante.....Beethoven  
Selections from "II Trovatore".....Verdi  
Solo, "Binka's Song".....Von Stutzman  
Mrs. J. Webb Howell

Overture.....Rossini  
Organ—Selected.....Baldwin  
Hallelujah Chorus from "Messiah".....Handel

A freight wreck on the I. and G. N. four miles this side of Navasota, forced the yesterday afternoon passenger train to back into Bryan and go to Navasota over the Central.

## BURNS GETS DECISION.

### O'Brien Proves a Better Sprinter Than Pugilist.

Los Angeles, May 9.—Tommy Burns of Los Angeles won the heavyweight championship of the world from "Philadelphia Jack" O'Brien before the Pacific Athletic club after twenty rounds of fighting that was for the most part a foot race. O'Brien ran away from Burns from the first round to the last, and only occasionally was the latter able to overtake him. Then O'Brien invariably clinched with Burns, and held on until the referee pried them apart. The crowd hooted and jeered O'Brien and hurled all sorts of raillery at him as he raced about the ring. But very few blows of any vigor were landed by either man, and neither suffered any apparent damage. Both O'Brien's eyes were damaged and his lips were cut open, but Burns had scarcely a scratch. Burns showed his disgust with the tactics of his opponent and called to him repeatedly to "come on and fight." Burns would chase his man about the ring, O'Brien running as if in terror of his antagonist. Now and then Burns would overtake him and beat him on the back. O'Brien attempting wildly to duck and dodge away until Burns, weary of the foot race, would stand in the center of the ring with his hands to his sides and wait for O'Brien to come to a halt. O'Brien landed many light blows at long range on Burns' head and face during his capers about the floor, but they were absolutely without effect. Clinches were frequent. The referee had the greatest difficulty in prying the men apart, or rather prying O'Brien loose from Burns. The referee cautioned O'Brien about his holding on tactics, and finally told him he must stop it.

Between two of the early rounds Referee Eytan went to O'Brien's corner and informed him that he must stop clinging to Burns in the clinches and break at the word of command. Burns had all of the better infighting, and laced his opponent terrifically about the face with short arm lefts. O'Brien's holding of Burns' glove prevented him using it in the clinches.

In the second round the men wrestled in the center of the ring and both fell flat to the floor. In the opening round O'Brien showed apparent fright at his opponent's rushes and ran from him.

Each round was largely a repetition of the preceding one. Burns had the better of most of them whenever he was able to corner his man and get at him. The twelfth round was strongly in Burns' favor. During this round Burns landed on O'Brien's left eye with a terrific overhand right, the blood streaming down O'Brien's face. The latter called to his seconds something about his injury, and shook his head in vain. Again in the fifteenth round Burns caught his man going away, and laid open the same eye again, which had been patched up with court plaster. O'Brien occasionally attempted unfair tactics by holding Burns' head under his arm and trying to use his elbow. The referee cautioned him, and he quit it.

The purse was \$30,000. The referee decided all bets off.

## SULLIVAN CALLED.

### Former Fistic Champion Sees President and Taft.

Washington, May 9.—John L. Sullivan, the former pugilist, had an interesting chat with President Roosevelt, covering various subjects. Mr. Sullivan said that he had seen the president at a number of bouts in New York, and called the president's attention to the one which occurred with Mitchell, the English heavy-weight, in 1885, when Sullivan knocked him over the ropes. Sullivan met Secretary Taft at the doors of the executive offices as he was about to come in. He put in a good word with the secretary for clemency for a friend who is serving a sentence on Governor's Island, and concerning whom the pugilist had written Secretary Taft some time ago.

"Guess I got you skinned a block," remarked Sullivan to the secretary, talking about their respective weights. John L. said he weighed 335 stripped while Secretary Taft remarked that his weight was only 283, and the best he ever did was to tip the beam at 330.

As he left the white house Sullivan paid his compliments to big men, saying among other things, "That man Taft is what I call a man, too. The president is a great man. It takes big fellows a long time to get started, but when they are going, they go like hell."

## TWENTY HURT.

### Locomotive Strikes a Broken Rail and Jumps From the Track.

Chicago, May 9.—A suburban passenger train on the Burlington railroad, running between Aurora, Ill., and Chicago, was wrecked near Lawndale, about six miles from the city, and about twenty passengers hurt. Nobody was killed. The train was running at a high rate of speed when the engine struck a broken rail and jumped the track. It dragged the baggage car and one passenger coach with it, and all three rolled down a small embankment. The other five passenger cars in the train remained on the track.

## Resignation Accepted.

Washington, May 9.—Secretary of the Interior Garfield has accepted the resignation of Hon. Tams Bixby, commissioner of the Five Civilized Tribes, effective June 30. This is the fourth time Mr. Bixby has tendered his resignation. He will engage in professional business.

## PIERCE UNDER BOND.

### Through Counsel Oil Magnate Gives Himself Up.

St. Louis, May 9.—H. Clay Pierce, chairman of the executive board, through his personal counsel John D. Johnson, surrendered to Chief of Police Creecy. He is under \$10,000 bond to appear before Judge Elmer R. Adams in the United States circuit court Saturday at 10 a. m., to show cause why he should not be turned over to the state of Texas as a fugitive from prosecution on the charge of perjury.

Assistant Attorney General Lightfoot of Texas, now in St. Louis taking depositions in the Texas ouster suit against the Waters-Pierce Oil company, has wired the governor and Attorney general of Texas to send a

H. CLAY PIERCE.

representative here Saturday to contest Pierce's efforts to secure extradition on the criminal charge.

Under the Texas law, Lightfoot says, he is not empowered to represent the state in a criminal proceeding, and that the only officer having such jurisdiction in the Pierce case is District Attorney J. R. Hamilton of Travis county, where the Pierce indictment was returned, or a special representative of the governor.

Pierce arrived in St. Louis Wednesday morning from New York, according to his counsel, where he has been since his departure from St. Louis, following the request of the governor of Texas on Governor Folk for his extradition, which the latter granted. His surrender was arranged for by Attorney Johnson.

## NEWS AT AUSTIN.

### The Sheriff Received a Couple of Telegrams From St. Louis.

Austin, May 9.—A telegram was received by Sheriff Matthews announcing the arrest of H. Clay Pierce in St. Louis. He got another telegram advising him that Mr. Pierce had begun habeas corpus proceedings, and that the case would be heard Saturday. Sheriff Matthews left at once for St. Louis.

Assistant Attorney General Hawkins was asked whether Mr. Lightfoot, who is in St. Louis, would represent the state in the habeas corpus proceedings. Mr. Hawkins remarked that Mr. Lightfoot's time was probably thoroughly occupied in taking depositions.

## ANSWER FILED.

It Makes a Document of Over One Hundred Typewritten pages.

Austin, May 9.—The answer of the Waters-Pierce Oil company to the amended petition of the state has been filed in Judge Brooks' court. It makes a document of more than 100 typewritten pages, and is a general and particular denial of all the state's allegations. The depositions taken before Special Commissioner Sanborn in New York by Assistant Attorney General Lightfoot in New York reached the clerk of the court Wednesday, having been sent by the commissioner before they were made. They were obtained by Judge Penn of counsel for the defendant from the clerk in the afternoon. They make a voluminous record. The papers show that Mr. Odell of Cleburne is one of defendant's counsel. One deposition is made by H. Clay Pierce.

## TEXAS FIREFIGHTERS.

### Over Four Hundred In Attendance at McKinney Meeting.

McKinney, May 10.—Over 400 delegates attended the thirty-second annual convention of the State Volunteer Firemen's association. President Hawkins of Taylor called the meeting to order. Mayor Doggett made a happy speech of welcome on behalf of the city and Captain Mangum for the local firemen. Hon. E. B. Coopwood of Lockhart responded.

President Hawkins delivered his annual address, which was interesting.

President Perkins of the Texas Press association delivered a well received address.

Business was then taken up.

## Codification Bill Passes.

Austin, May 9.—The bill of Senator Senter providing for codification of Texas laws was passed in the senate.

## Accidental Killing.

Kosse, Tex., May 9.—J. C. Bassett, mayor, accidentally shot and killed himself.

## Correction Made.

Austin, May 9.—The senate made correction in the Terrell anti-trust case.
